none is more honored than Asbury chapel, curacy. We, therefore, hasten to correct the on the corner of Linden and Hernando misstatement, and are extremely happy to be streets. It is invested with a peculiar interest, not only for Methodists but for all who remember that its history is interwoven with that of the city. Here worshiped many of the sturdy pioneers whose energy placed Memphis on the road to prominence and principles of a simple religious faith that softened their hearts and developed the feel ing of charity and love of one another that are the foundation of a well ordered community. Not long ago the congregation resolved to

respond promptly, in the offirmative: ready given out the contract. It is to be of brick, in the gothic style, and will cost \$15,-000. The work of demolishing the chapel the new building will be carried forward as been laboring for years to obtain means to build a new house, larger and more suitable were held in the old sancingry and attracted

were held in the old sanctuary and attracted an immense crowd. The other Methodist churches in the city were closed in order to give their congregations an opportunity of doing the farewell honors to Asbury. The services were conducted by the pastor, the Rev. Warner Moore, and consisted of good old hymns, sung by the entire assembly, and of hymns, sung by the entire assembly, and to this we have deen constantly adding by collections shroad. There is, however, one great obstacle to the collections shroad—we are constantly asked "why does not Memphis build her own institutions." We try to appear our inquirers by saying that we have already applied to our Memphis clin Presbyterian church; the Rev. Dr. Boswell, postor of the Camberland Presbyterian church; the Rev. Dr. Boswell, postor of the First Methodist chorch. The Rev. R. H. Mahon, pastor of the Central H. v. R. H. Mahon, paster of the Central to us from other parts of the State, we feel Methodist church, gave the following that we have a right to ask for assist-

Sutherberg.

These figures show an increase for all the sections except the South. While the number of failures in the Southern States for the first quarter of 1882 was 700, and the liabilities were \$11,087.250, the failures for the same quarter of 1883 were 693, and the liabilities \$6,551,841. This failing off appears the more remarkable when we consider that the more remarkable when we consider that the more remarkable when we consider that the followed an immense cotton crop, which was produced at an increased cost, and which was sold at diminished prices.

—Prof. Tripp gave the concluding lectures last night of his evening course, by a graphic delineation of the Mexican expedition, with vivid reminiscences of some of the actors.

Now stands. That was in 1832. As the work stater, they began to hold meetings down in South Members of the was called. As there was no house of worship they met about in private houses for prayer and exhortation. Among those who were active in the work were Dr. Horn-tott, a local preacher, and John Browo, a carpenter. The interest grew, and John Browo, a carpenter shop, on the corner of Hernando and Vance streeties, was made the place of regular neeting. Mrs. Brown made some calico currains for the little window, and her husband arranged some planks for seats. The shopstill stanues, In this humble place to work went on and took shape.

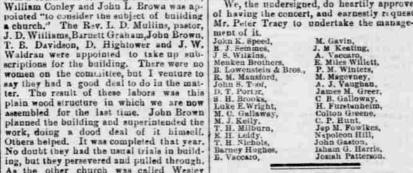

About the west stater, they began taker, they began to hold meetings down in South Members at white we are see our way clear to complete the same, without going in debt. Therefore, we wish to have a concert, and we are confident that we could not put the management of it in better hands than yours. We, therefore, who were active in the work were Dr. Horn-totte, and John Browo, a carpenter shop, on the corner of gentlemen have already volunteered to assist in the sale of tickets, and we have had several offers to buy a large number of them, and the province of the province

seats. The shopstill stance. In this humble of the new house is perfectly obvious to all, of the new house is perfectly obvious to all. We now number almost 100 imastes. The About the year 1843 there was an extensive religious awakening in this part of the city, and a Methodist church wasorganized. The night, want of space for more beds obliging and a Methodist church wasorganized. The night, want of space for more beds obliging the cities and it not at hand. They were not and a Methodist church was organized. The original roll is not at hand. They were not many, but they were plain, active and plaus. They began to look about for a more suntable place of worship. Under the advice of the Rsv. ship. Under the advice of the Rsv. ship. Under the advice of the Bay.
Moses Brock this lot on the corner of Hernando and Linden was selected. Time has windicated the waslom of his judgment. It belonged to the Seuth Mempais Company.
Robertson Topp, a member of the company, agreed to transfer the property to the Shutch provided they would sell ten or the church, provided they would sell ten or

first house built ages.

It was a spanty. Holes were dug in the ground and poets set up, and rough planks nailed ou the sides. It was covered with planks. Some scantling laid along on the ground and wide planks failed on them made the floor. Thus fitted up they asked for a pastor, and the bishop appointed the Rev. B. A. Hayes to the work. He was the first pastor of this church. As he still lives, perhaps I ought to say that he was a very young man then. This shanty was enveryed to the called the continued to which the remaining half day is devoted. Of course, these poor little ones are not capable of earning their living. It may, perhaps be unuscessary to mention there things to you, as we are sure you understand full well the merit of our work, and we are the first pastor of this church. As he still lives, perhaps I ought to say that he was a very young man then. This shanty was enveryed to the course, these poor little ones are not capable of earning their living. It may, perhaps be unuscessary to mention there things to you, as we are sure you understand full well the merit of our work, and we are the first pastor of this church. HISTORICAL SKETCH.

The first house of worship built by the Methodists in Memphis was on Second at the Methodists in Memphis was o

The County Court met again yesterday soorning, with a quorum present, and first proceeded to consider the petition of the Waterworks Company for a reduction of the Waterworks Company for a reduction of the with proceeding to the court of the works of the petition of the waterworks Company for a reduction of the waterworks

ences that went out into all parts of the world. So that work well done here would sch out to an unlimited extent. He re-Young Mee's Christian Association had produced such workers as Moody, Sankey, Whittle, Bliss, and others who had mightily moved the religious thought of the day.

Judge Heiskell was introduced, and spoke Young Men's Christian Association had proof the influence of young men and the possibilities of young manbood; of the importance of of a definite effort for this class. He said: The churches and pastors are doing much, but they cannot do it all. Many young much, but they cannot of it air. Many young much, but they cannot of it air, alway young men never go to church, never hear a sermon, and if they are reached it must be be done by laymen and outside of the usual church effort. He spoke of the remarkable growth of the association work, giving facts and figures. He said in 1870 there were but three associations south of Virginis; now the maner born," yet so modest and circumspect was his demeanor when coming as

there are nively five. In the State west of Ohio in 1868 there were but thirty-nine as a container, so manly and upright his bearing and conduct as a citizen, and so efficient and sociations; now there are 256; then there were no association buildings, now there are eleven, worth \$200,000. He spoke of the railroad work and of the fact that thoughtful, shrewd railroad men said it paid to invest as the solid paid to inve 365,000 per annum in this work among their employes. He alluded to the work in colleges and among the Germans, giving a very that in the realous discharge of the high encouraging report of the growth of the public trusts committed to his hands many work in every direction. He made an earn-duties were involved personally painful to work in every direction. He made an earnest appeal to the business men to sustain
this work, and in doing so alluded to the
glittering temptations this city offered to
young men. He said the Association wanted
to offer rooms that will wie in attractiveness with those offered by places
of vice; wan, to attract young men
